### Parent Engagement Office

Dear Parents,

Greetings from Harrisonburg and hopeful wishes that you and your family are healthy and well.

We've made two important announcements recently that I wanted to share with you:

- EMU has announced [campus will open in the fall](#) and planning is well underway to prepare for different scenarios based on the evolving situation and recommendations from health authorities. The announcement contains information about the planning process, residence life preparations and athletics.
- President Susan Schultz Huxman also released [a statement on the death of George Floyd](#).

If you'd like to stay updated with news on campus, please [subscribe to our weekly news digest here](#).

We continue to update [www.emu.edu/coronavirus](http://www.emu.edu/coronavirus) with information as it's available. Updated FAQs will be posted shortly.

Finally, our [Homecoming and Family Weekend 2020](#) is still on the calendar. We're not sure if it will be a virtual or in-person event, but do plan on sharing that information as soon as we know.

I'm always available to answer questions.

Jennifer

Jennifer North Bauman

Interim Director, Alumni and Parent Engagement Office
