## Call for Inclusive Excellence Grants Applications

Let's make EMU history together! Submit your application and be part of the first Inclusive Excellence [DEI grants program at EMU](#). The Office of Diversity Equity and Inclusion (DEI) is now soliciting applications for the 2022 Cycle 1 Inclusive Excellence Grants.

### Who can participate?

Advancing diversity, equity, inclusion, and a sense of belonging does not have to be large-scale and daunting; it can happen in incremental steps. The Inclusive Excellence Grants program offers EMU faculty, staff, and students the opportunity to develop ideas that advance a community of learners where everyone has an opportunity to grow, learn, and belong together. This program is made possible by the generosity of [Jose Koshy, '76, Jean Koshy-Hertzler '79, and their family](#).

### When is the deadline?

The [office of DEI](#) and the proposal evaluation committee may award approved proposals, either in part or in full, depending on the number and quality of the proposals received. The application deadline is **March 11, 2022** and notice of awards will be made by April 12, 2022.
