## **VCCS College Cost Equivalency Policy**

EMU offers students who are enrolled at a VCCS institution the opportunity to take one high level course of up to four semester hours at EMU for the per credit cost offered by the VCCS institution at which they are enrolled.

Students can enroll in this discounted tuition program by notifying the EMU transfer admissions counselor of their intent to take a specific class as a non-degree seeking student at EMU. Enrollment in the program is not dependent on intent to enroll at EMU is not a prerequisite for discounted tuition.

While enrolled in the VCCS cost equivalency program, students have the benefits of being an EMU student including access to EMU facilities, student life activities, and athletic events.

Students are only eligible to participate in this program for one course per semester. Students who have enrolled in this program in previous semesters may enroll in the program during future semesters if they maintain full time enrollment at a VCCS institution.
