REQUIRED: COVID-19 Health and Safety Training
by [Mary Jensen](#) - Monday, August 24, 2020, 5:50 PM

Dear EMU at Lancaster faculty,

In anticipation of the start of this new academic year and in compliance with our COVID-19 Re-Opening Plan, every employee is required to complete the Health and Safety Training module that has been added to the EMULanc Faculty Orientation Moodle course. **ALL FACULTY who are teaching a course during the 2020-21 academic year** are required to complete the training, whether you are teaching classes online or in person. No one will be allowed in the EMU at Lancaster facility for any reason without having completed the training.

If you attended this training via Zoom on Tuesday, August 18, you have met the training requirement. All that remains is to be sure you have signed and submitted the [Lancaster COVID-19 Community Commitment form](#).

In order to complete the training requirement, you will need to [log in to Moodle](#), access the EMULanc Faculty Orientation Moodle course, and scroll to Topic 7 where you will find the training video and a brief quiz. If you don't get the required passing score on the quiz the first time, you can re-take it as often as you like until you "Pass."

In the training module, you will also find a link to the EMU at Lancaster COVID-19 Community Commitment form. Again, **all faculty must sign and submit this form in order to be allowed entry to the EMU at Lancaster facility.**

In these unusual times, we have worked very hard to prepare a re-opening plan that will support our student's ability to access their education at EMU at Lancaster ~ whether on-site or online. Please join us in creating a culture of responsibility where we take responsibility for the health and safety of ourselves and others.

We are excited to partner with you in the year ahead! If you have any questions regarding EMU at Lancaster's COVID-19 Health and Safety Protocols, don't hesitate to reach out to our Health and Safety Coordinator, Linda Witmer at covid.lancaster@emu.edu or 717-844-1675.

With warm regards,

Mary Krahn Jensen, Associate Provost
