Master of Arts in Counseling

Course Syllabus

Course Information
COUN509 – SUPERVISION & CONSULTATION
Spring 2019
3 Semester Hours

Location/Date/Time
Room: SB003
Wednesday, 12:30 – 3:10

INSTRUCTOR’S INFORMATION:
Michael Horst, Ph.D.
Email: michael.horst@emu.edu
Office Phone: (540) 432-4244
Office Hours: by appointment

COURSE DESCRIPTION:
This course provides an exploration of the theory and practice of counseling supervision and consultation, including models, techniques, process, case conceptualization, ethical issues, multicultural competency, and legal considerations. The format of this course will combine lecture, class discussion, and experiential activities. The course will only be offered to advanced students, those students who have completed a counseling practicum and are currently enrolled in counseling internship, and will be paired with COUN 508 Counseling Techniques, which is offered to beginning students, to facilitate experiential learning processes between the two classes. Students will also use their internship placement site as an opportunity to experience supervision and consultation.

COURSE GOALS AND OBJECTIVES:
- Purposes of clinical supervision
- Theoretical frameworks and models of clinical supervision
- Roles and relationships related to clinical supervision
- Skills of clinical supervision
- Opportunities for developing a personal style of clinical supervision
- Assessment of supervisee developmental level, clinical skills, and providing feedback
- Modalities of clinical supervision and the use of technology in supervision
- Evaluation, remediation, and gatekeeping procedures in counseling supervision
- Legal and ethical considerations for counseling supervision
- Providing multicultural supervision for diverse supervisees

CACREP STANDARDS:
2.F.1.d. the role and process of the professional counselor advocating on behalf of the profession
2.F.1.e. advocacy processes needed to address institutional and social barriers that impede access, equity, and success for clients
2.F.1.i. ethical standards of professional counseling organizations and credentialing bodies, and applications of ethical and legal considerations in professional counseling
2.F.1.j. technology’s impact on the counseling profession
2.F.1.k. strategies for personal and professional self-evaluation and implications for practice
2.F.1.l. self-care strategies appropriate to the counselor role
2.F.1.m. the role of counseling supervision in the profession
2.F.2.e. the effects of power and privilege for counselors and clients
2.F.5.c. theories, models, and strategies for understanding and practicing consultation

Syllabus Disclaimer:
This syllabus is not a contract. The instructor reserves the right to alter the course requirements, schedule, and/or assignments based on new materials, class discussions, or other legitimate objectives. Students will be given notice of relevant changes in class or via e-mail.

TECHNOLOGY:
- Please turn cell phones off and please do not text during class as it is disruptive and takes away from the focus of the class. Inadvertently, we all forget to turn them off and that’s okay. If for some reason you need to have your cell phone on, please let me know prior to class.

- The EMU MA in Counseling program, in accordance with a national professional conversation about the use of technology in counselor education, is supporting a return to engagement and paper notebooks. As we are in the profession of presence and attunement, we want to be intentional about how we address this in our classes. Therefore, we will ask that you keep your phone and your computer/iPad in your bag, unless you are required to use it in class. We have been reading and researching about the impact of technology on the brain related to social engagement and learning, in addition to the strong correlation between writing and learning. We wish to promote an embodied learning and discovery experience and can only be successful to do so in a context that minimizes disruption and interruption. We recognize there will be times when access to a phone is necessary and want to encourage advanced planning and communication with faculty.

PREREQUISITES:
COUN 508 Counseling Techniques
COUN 518 Integrated Counseling Process
COUN 528 Counseling Practicum

REQUIRED TEXTS AND OTHER RESOURCES:
- Required Reading:

  Assigned readings posted to Moodle

- Recommended Reading:

Course Requirements and Procedures:
Attendance Policy: Due to the interactive nature of this training experience, students are required to attend and actively participate in all class sessions. Attendance and active participation are necessary for mastery of course material. Please make a commitment to attend every class punctually. If you know you will be absent, please let
me know at the beginning of the semester or a class period in advance. If an emergency arises, please call or email me to let me know you will not be in class.

Professional Behavior and Participation: Counseling supervision is a leadership role. As a supervisor, you will be responsible (and liable) for your supervisees’ professional conduct; the clearer you can model professional behavior, the easier it will be for your supervisee to embody the professional standards to which they are held. A portion of your grade for the class participation will be based on your respectful and attentive commitment to the course throughout the term. I am looking forward to your participation as an active, contributing member of our learning community by attending every class, being fully involved in all activities, and contributing your ideas, reflections, feedback, and observations. Please read all assignments before class and do your best to actively engage with the assigned readings and experiences.

Assignments:

Group Experience: You will facilitate 5 group sessions with students from COUN 567: Group Counseling. The purpose of these group sessions is for you to embody a leadership and mentorship role for your fellow MA in Counseling students as you prepare to transition from MA-level training into the world of professional counseling more fully or into doctoral work. You have walked the path of counselor training in our program further than any of your colleagues, and this is an opportunity for you to support their journey on this path and contribute to their formation.

Professional Disclosure Statement: You will write a brief (1-3 pg.) professional disclosure statement following the model offered in B&G’s “Supervisor’s Toolbox” and/or the example posted to Moodle. This professional disclosure statement will serve in part as an informed consent document for your supervisee. In this document, you will provide your supervisee with information about your professional history and qualifications, clinical experience, preferred modes of psychotherapy, and will include at least one evaluative instrument (see “Supervisor’s Toolbox” or me for evaluation instruments). (2.F.1.i., 2.F.1.k., 2.F.1.i.)

Roundtable Peer Supervision: You will be divided into 6 groups of 3 students with whom you will consult on your clinical work in internship. These groups will be your peer supervision group. We will hold roundtable consultation sessions periodically throughout the semester where you will each present your supervision work, clinical work, questions, growing areas, and successes with your consultation group. Roundtable consultation sessions will last for 45-60 minutes, so each group member will have 15-20 minutes to consult with their peers. Your grade for this activity will depend on your preparedness to consult with your group. Please come prepared with clinical or supervision material to discuss with your consultation group. (2.F.5.c., 2.F.1.k.)

Peer supervision topics could include, but are not limited to:

- Areas you are striving to grow as a clinician or supervisor,
- The core issues with which the client is struggling. This should not be merely a diagnosis and an accounting of symptoms, but an elaborate exploration of the client’s inner world and conflicts.
- An account of how the client’s personality organization and neurotic conflicts manifest in the relationship with the counselor. How do the issues that are problematic for the client play out in the interpersonal process with the counselor?
- Explicate what the counselor does that is therapeutic (or perhaps not) in response to these interpersonal dynamics.
- An account of how the counselor’s transference (“countertransference”) manifests in response to the client’s behavior throughout the process.
- An account of how the counselor’s transference (“countertransference”) then plays out in the interpersonal process with the supervisor.

Consultation Project: You will work as a consultation team with your classmates during our scheduled lab time. Building on the felt and expressed needs identified by Casey Owens, LPC, school counselor at Page County Middle School, through her own program evaluation, you will design programming and resources to be implemented in the Fall 2019 that address the areas of need that Ms. Owens has identified.

Please Note: The above schedule and procedures for this course are subject to change in the event of extenuating circumstances.

GRADING CRITERIA AND OTHER POLICIES:
The Master of Arts in Counseling faculty support students in actively engaging their academic and applied work throughout their training, valuing this as a core professionalism skill. An A and B track is offered in most classes allowing students to complete assignments and reading commensurate with that grade. Students who complete work for a designated grade are not assured that grade as their work is assessed for competence and completeness by the grading professor. Students should be aware that graduate university policy allows two C grades before being dismissed from the program and insufficient completion of the B track requirements may increase their chances of receiving a lower grade.

- **Writing Guidelines:**
  Writing will be a factor in evaluation: EMU has adopted a set of writing guidelines for graduate programs that include four sets of criteria: content, structure, conventions and style (see below). It is expected that graduates will be able to write at least a “good” level with 60% writing at an “excellent” level. All written work must conform to APA writing style standards.

- **Academic Integrity Policy (AIP):**
  Good academic work must be based on honesty. The attempt of any student to present as his/her own work, that which he or she has not produced, is regarded by the faculty and administration as a serious offense. Students are considered to have cheated, for example, if they copy the work of another, or use unauthorized notes or aides during an examination or turn in their own paper or an assignment written, in whole or in part, by someone else. Students are guilty of plagiarism, intentionally or not, if they copy material from books, magazines, or other sources without identifying and acknowledging those sources or if they paraphrase ideas from such sources without acknowledging them. Students guilty of, or assisting others in cheating or plagiarism on any assignment, quiz, or examination may receive a grade of F for the course involved and a report of this incident will be filed in the dean’s office. Repeated violations will invoke a disciplinary process.

- **Turnitin:** Students are accountable for the integrity of the work they submit. Thus, you should be familiar with EMU’s Academic Integrity Policy (see above) in order to meet the academic expectations concerning appropriate documentation of sources. In addition, EMU is using Turnitin, a learning tool and plagiarism prevention system. For more information about or to watch a demo of Turnitin, please see: http://turnitin.com/en_us/features/demos.

- **Moodle:** Moodle is the online learning platform that EMU has chosen to provide to faculty, administrators and students. Students will have access to course information within Moodle for any class they are registered for in a given term. The amount of time a student has access to information before and after the class is somewhat dependent on the access given to students by the individual faculty member. However, please note that courses are not in Moodle permanently – after two years the class is no longer accessible. Please be sure to download resources from Moodle that you wish to have ongoing access to.

- **Academic Support Center**
  If you have a physical, psychological, medical or learning disability that may impact your work in this course, it is your responsibility to contact Office of Academic Access on the third floor of the Hartzler library, 540-432-4233. They will work with you to establish eligibility and to coordinate reasonable accommodations. All information and documentation is treated confidentially. http://emu.edu/academics/access/

Please refer to the Student Handbook, which can be found at http://www.emu.edu/studentlife/student-handbook/ for additional policies, information, and resources available to you.

- **Institutional Review Board:**
  All research conducted by or on EMU faculty, staff or students must be reviewed by the Institutional Review Board to assure participant safety: http://www.emu.edu/irb/.

“The Federal Office of Human Research Protection defines research as follows:
Research means a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research for purposes of this policy, whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

The IRB requires all researchers submitting proposals to complete the online researcher training provided by NIH (the website requires the establishment of a no-cost account). This training covers basic concepts, principles, and issues related to the protection of research participants. When training is successfully completed, the researcher will receive a certificate. This certificate should be saved (as an image or pdf file) and kept on file – proof of training is required when submitting an IRB proposal."

Online training through the NIH Office of Extramural Research can be accessed free of charge at the following web address: [https://phrp.nihtraining.com/users/login.php](https://phrp.nihtraining.com/users/login.php). You will need to register an account and complete the training to be successful in COUN 537.

- **Graduate Writing Center:** Please take advantage of the free individual tutoring from graduate student tutors (see [http://www.emu.edu/writing-program/](http://www.emu.edu/writing-program/) for more information). To make an appointment, please access ASC Tutoring through the myEMU portal: [https://emu.mywconline.com/index.php](https://emu.mywconline.com/index.php). See Academic Program Coordinator for more information about available services and tutoring times.

- **Course Extensions and Outstanding Grades:** For fall and spring semesters, all coursework is due by the end of the semester. If a student will not be able to complete a course on time, the student must submit a request one week before the end of the semester for an extension (up to 6 months), by emailing the instructor, academic advisor and the Academic Program Coordinator. If the request is granted the student will receive an “I” (incomplete) for the course which will later be replaced by a final grade when the work has been turned in on the agreed upon date. If the request for an extension is denied, the student will receive a grade for the work that has been completed up until the time the course was expected to have been completed. If no work has been submitted, the final grade will be an F (or W under unusual circumstances and with permission of the Program Director). Extensions will be given only for legitimate and unusual situations. Extensions are contracted by the student with the program for up to a maximum of 6 months after the deadline for the course work.

PLEASE NOTE: If the outstanding course work is received within the first 6 weeks of the extension, no grade reduction will be imposed; after 6 weeks any outstanding coursework will be reduced by ½ letter grade. If the extension deadline is not met, the student will receive a final grade based on the work completed.

**Academic Program Policies:**
Academic program policies and procedures can be found in the graduate student handbook and in an online catalog of graduate professional policies. Please use the following links for complete and comprehensive information. Please contact either of the instructors if you would like further assistance accessing any academic program policies.

http://emu.edu/graduate-and-professional-studies/graduate-student-handbook.pdf
http://www.emu.edu/catalog/graduate/graduate-professional-policies.pdf

- **Title IX:**
The following policy applies to any incidents that occur (on or off campus) while you are a student registered at EMU. It does not apply if you are talking about incidents that happened prior your enrollment at EMU. It is important for you to know that all faculty members are required to report known or alleged incidents of sexual violence (including sexual assault,
domestic/relationship violence, stalking). That means that faculty cannot keep information about sexual violence confidential if you share that information with them. For example, if you inform a faculty member of an issue of sexual harassment, sexual assault, or discrimination he/she will keep the information as private as he/she can, but is required to bring it to the attention of the institution’s Title IX Coordinator. If you would like to talk to this office directly, Rachel Roth Sawatzky, Title IX Coordinator, can be reached at 540-432-4133 or rachel.roth.sawatzky@emu.edu.

Additionally, you can also report incidents or complaints through our online portal at http://emu.edu/safecampus/. You may report, confidentially, incidents of sexual violence if you speak to Counseling Services counselors, Campus Ministries’ pastors, and Health Services personnel providing clinical care. These individuals, as well as the Title IX Coordinator can provide you with information on both internal and external support resources.
