

FC 2.5.18

Attending: Ella Spitler, Mario Hernandez, Paul Kayembe, Erik Peachy (Treasurer), Jeremy Brenneman (Secretary), Emmanuel Kampanga (VP)

ISO is requesting 1500 dollars for food for their gala. We asked for a revised request with a more detailed budget. (\$170-250 for desserts). Xenia (The Middle East restaurant) is their choice for food. Ticket prices are still the same. They have already paid approximately 300 dollars for advertising. There was an attempt to pay for everything on the ISO budget but could not afford everything they could. The gala will be capped at 160 seats. The location for the event is Martin Chapel.

ISO were originally planning an event for \$5000 dollars but did not receive enough money for that to happen, so they decided on a \$3000 event. There are currently over 10 events planned before the gala, some of which cost money, some don't. They attempted to look at a different place to accommodate for more people.

The money received from the event will go to UNICEF.

SGA is currently in a position where the rollover fund is being used. We are also concerned that the event will cost more than it will raise. SGA has already spent nearly the same amount of money in one semester that year's SGA spent the entire year.

ISO has one of the largest club budgets on \$1500 a semester. This request would effectively double their budget. They also already received \$200 from SGA from a request last semester.

Full amount

50% decrease 750 dollars- Mario, Emmanuel

500 dollars- Jeremy, Eric, Ella

We do not recommend giving the full amount. We would recommend choosing an amount between \$500 and \$750.
