4. New Business
  - a. Bruce Emmerson and Pioneer Catering
    - i. Few students (87) have responded to the survey sent out by Bruce. Bruce would be happy to have a food committee from SGA to meet with. Bruce would like to have somewhat of a town hall type of event where everyone could come and talk with those in charge of the food at EMU. Pioneer Catering would like to have some discussion with students about the cafeteria. SGA addressed the things the Caf does well and some things students may want to see going through the line.
  - b. Treasurer's Report: Erik Peachey
    - i. Constructing budget for the next school year. The only way to have the same budget next year is to increase the student activity fee. For clubs to maintain the same budget with the same student activity fee the fewer events that will happen. A potential fix would be raising the student activity fee from \$70, to \$75 or \$80.
    - ii. Activities help promote the university to prospective students. SGA should work to keep activities happening despite low enrollment. Will be discussed in more detail next week.
